

**REQUIREMENTS FOR MANUSCRIPTS SUBMITTED
FOR PUBLICATION IN THE SCIENCE AND PRACTICAL JOURNAL
«BULLETIN OF THE SAMARA LAW INSTITUTE»**

1. For scientific publications the author sends the manuscript to the journal staff. The manuscript should be arranged according to an existing standard including the information about the author of the publication and processor of personal data. All these materials should be sent to the following address: 24V, Rylyskaya Str., Samara, 433022.

Manuscript is accepted in a single copy, in printed and electronic form.

2. The article should be thoroughly checked by the author. The author is responsible for reliability and factual accuracy of facts, quotations and other information.

3. Each author can publish only one article in one issue. If the author wants to publish more than one article in the same issue than he should accept the special permission from the editorial board.

4. The electronic version of the manuscript should be made in Microsoft Word Processor. It should be stored in the doc extension. The author's surname is indicated in Russian letters as the file name (for example, Petrov.doc).

5. Page format – A4, margins – 2 cm, book-type and notes – Times New Roman, font size: the main text, list of Bibliography – 14, marginal notes 13, inter-line spacing for the main text – 1,5 for list of Bibliography and notes should be 1,0, paragraph indentation of the main text is 1.25, full justification.

6. For authors who do not have a scientific degree the recommended number of pages in the article – 8; for Candidates and Doctors of Sciences – 16. In other cases you need to agree this question with the editorial board of the journal.

7. At the beginning of the manuscript Universal Decimal classification must be. The title of the article is printed in the center in bold type. Further there must be an interval of one line, then author mark, year, initials and surname of the author are typed in the center in bold type. Abstract and key words are typed through the line in italics.

The abstract of the article should be informative, original, meaningful, structured and compact. While making an abstract you should follow GOST 7.9-95 «System of standards on information, librarianship and publishing. Summary and abstract».

Key words are meant for automated information search and should reflect general and particular aspects of the research results given in the article.

8. The English version of the title is typed according to the given standard (title of article, initials and surname of the author, abstract, keywords).

9. The main text of the article, the list of Bibliography then comes.

Emphasis in the text of the article (bold, italics, etc.) is not allowed.

The list of Bibliography is obligatory for any scientific publication.

Bibliographic references are made in accordance with GOST R 7.0.5-2008 «Bibliographic reference. General requirements and rules», the bibliographic list is

made according to GOST 7.1-2003 «Bibliographic record. Bibliographical description. General requirements and rules».

Tables, formulas and graphics are accepted in the article. It is necessary to make picture captions and table captions. All illustrations and tables should have a continuous numbering. Illustrations in the article must be of high quality, readable and presented in the same file with the text of the article. Tables should be made in Microsoft Word Processor. Do not use background graphics and shading in schemes, tables.

All manuscript pages including the list of Bibliography must be numbered.

10. The information about the author in Russian and English (surname, name, patronymic, academic degree, academic rank, University, email) is in the end of the article.

11. The article must be signed by the author.

12. Online release must be given before the author's signature, for example: «The article is published for the first time. I am not against a full-text article online» (sample of drawing up the article is given in Appendix).

13. Each cadet's (student's and postgraduate student's) article should have an external review. Reviewer's signature must be attested by personnel department of corresponding institution.

14. All articles are checked by the programme «Antiplagiat» and sent for reviewing. The decision to publish the article is taken by the Editorial Board according to the review.

15. If the requirements are not met the Editorial Board of the journal will not publish the article.

Manuscripts are accepted by Senior Scientific Researcher of scientific, editorial and publishing Department Nadezhda Romanova (tel: (846) 205-67-14, e-mail: science@samlawin.ru).

**THE CONSTITUTIONAL RIGHTS OF THE CONVICTED
IN THE PROCESS OF EXECUTION PUNISHMENT**

© 2017 A. Ivanov

Summary. The article discusses the question of the protection of rights and freedoms of convicts in prisons and their guarantees. Human rights and freedoms are set by the Constitution of the Russian Federation and other legal acts. Much attention is paid to the status of prisoners, whose rights and freedoms are described in the Penal Code of the Russian Federation. In the article it is also mentioned the socio- economic, political and cultural rights within the penal system...

Keywords: rights and freedoms of the citizen, prisoner, the right to labour, leisure, education, freedom to speech, thoughts and religion.

**КОНСТИТУЦИОННЫЕ ПРАВА ОСУЖДЕННОГО
В ПРОЦЕССЕ ИСПОЛНЕНИЯ НАКАЗАНИЯ**

© 2017 А. А. Иванов

Аннотация. В статье рассматривается вопрос о защите прав и свобод осужденных в местах лишения свободы и их гарантиях. Права и свободы человека предусмотрены Конституцией РФ и другими нормативно-правовыми актами. Особое внимание обращено на статус осужденных, чьи права и свободы изложены в Уголовно-исполнительном кодексе РФ. Также

говорится о социально-экономических, политических, культурных правах в уголовно-исполнительной системе...

Ключевые слова: *права и свободы гражданина, осужденный, права на труд, на отдых, на образование, права на свободу слова, мыслей, вероисповеданий.*

There are such notions as human rights and freedoms in international and Russian normative and legal acts.

Article 2 of the Constitution of the Russian Federation provides that «Human rights and freedoms are the supreme value». Other articles of the Constitution of the Russian Federation are also fully connected with human rights and freedoms. The right and freedom guarantee system in itself and in its legal nature is the two interrelated terms. Where there are rights, there is a freedom, as to express freedom it is a right.

...

В международных и в российских нормативно-правовых актах довольно часто встречаются такие понятия, как права и свободы человека.

Ст. 2 Конституции РФ гласит: «Человек, его права и свободы являются высшей ценностью». Другие статьи Конституции РФ также органически связаны с правами и свободами человека. По своей сущности и правовой природе система гарантии права и свободы – два связанных между собой термина. Там, где есть права, есть и свобода, поскольку выражать свободу это и есть право.

Ст. 2 Конституции РФ, несомненно, распространяется и на осужденных лиц, отбывающих наказание как в виде лишения свободы, так и не связанные с лишением свободы².
